## Chapter - 3

### 3.1 General

The concept of education is based on two-tier system. The first one consists of the higher education covering Agriculture, Horticulture, Agricultural Engineering & Technology and Agri-Business Management which includes graduate and post graduate resident instruction programmes as well as polytechnic diploma programmes. The second consists of lower education programme provided at the School of Baking, Agro-based ITI and Extension Education Training Centres. The higher education programmes are looked after by the Deans and Registrar, while lower education programmes by the Director of Extension Education at the university level. The details for the Nineteenth annual report are presented herewith.

### 3.2 Under Graduate Education

The under graduate programmes are of duration of 4 years (8 semester) in various faculties with residential faculties.

#### (1) Procedure of Admission

The admission criteria in the Under Graduate programmes in Junagadh Agricultural University is purely on merit basis considering weightage of 60% marks obtained in science subjects of Physics, Chemistry and Biology/ Mathematics at HSCE and 40 % marks obtained in Gujarat Common Entrance Test (GUJCET) conducted by GSEB for all courses. English is a compulsory subject for all the under graduate programmes. The students passed science subjects with vocational stream may also be admitted. For admission to B.Sc. (Hons.) Agri., B.Sc. (Hons.) Horti., Physics, Chemistry and Biology, while for B.Tech. (Agril. Engg.), Physics, Chemistry and Mathematics/Biology

subjects are compulsory. Among the seats allotted for admission, 49% seats are reserved for various Backward Classes, *i.e.* 15% for Schedule Tribes, 7% for Schedule Caste, 27% for Socially and Educationally Backward Communities as declared under Baxi Commission (Mandal Panch) and additional 10% seats for EWS are reserved as a supernumerary as per reservation policy. One per cent of available seats are reserved for children of defence personnel and ex-servicemen. Moreover, 5% seats are reserved for PWD (Divyang) candidates as per the directives from the Supreme Court of India. The students of CBSE, who have passed their examination from school located in Gujarat State, are admitted as per prorata basis. There is provision of additional seats for Kashmiri Migrants and Parsi Community (domicile of Gujarat State) also. Out of state quota, 20% seats are reserved for out of state candidates, who have been nominated by ICAR. At the university level, the Registrar centrally administers the admission procedure in Agriculture, Horticulture and Agricultural Engineering.

Weightage of marks for participation in sport is given in admission as per the rank obtained in various sports activities. Weightage of 5% marks is given to farmer's son/daughter and students of vocational stream who have passed HSCE with Agriculture subject in addition to Physics, Chemistry and Biology for admission to B.Sc. (Hons.) Agri. and B.Sc. (Hons.) Horti. Degree course. Apart from this 20% of intake are admitted through ICAR.

## 3.5 Accreditation

Junagadh Agriculture University has got the ICAR accreditation by National Agriculture Education Accreditation Board from 28/03/2021 to 27/03/2026, as a University whole, all UG programmes in four colleges and ten Masters as well as doctoral programmes in Agriculture, four master as well as doctoral programmes in Agriculture Engineering & Technology, three masters and doctoral programmes in Horticulture while one master and doctoral programme in Agri-Business Management.

## 3.6 Institutional Development Plan

NAHEP has been formulated by ICAR for five years starting from 2017-18. The project is proposed on 50:50 cost-sharing basis between the World Bank and the Government of India, implemented at the Education Division, ICAR, New Delhi. Overall, the project aims to develop resources and mechanism for supporting infrastructure, faculty and student advancement, and providing means for better governance and management of agricultural universities, so that a holistic model can be developed to raise the standard of current agricultural education system that provides more jobs and is entrepreneurship oriented and on par with the global agriculture education standards.

Among the three components of the NAHEP *i.e.*

1) Support to Agricultural Universities; 2) Investments in ICAR for Leadership in Agricultural Higher Education, and 3) Project Management and Learning; Institutional Development Plan (IDP) is one of the major sub-components of Components-1: Investments toward 21st Century Agricultural Universities Education Plan. The IDP for Junagadh Agricultural University (JAU) has been considered by the ICAR for improving competency of faculty and education quality at graduation level students among all faculties of the JAU. The theme of the project awarded to JAU is "Automation, Robotics and Drone Technology in Agriculture". This project is strengthening human resource capabilities by exposing students to international environment of agricultural education. The project is pillared on fast-learning of emerging technologies like robotics & artificial intelligence so as to meet the demand for highly skilled workers; to reduce drudgery in farm operations and to better explore the needs of biological variability, human interference and inspection, decision making and action in the field of agriculture and allied disciplines. Followings are the major objectives of the IDP for JAU, Junagadh.

1. To develop skill and inculcate entrepreneurship among the students.
2. To strengthen linkages between institute, industries, corporate and foreign agencies.
3. To strengthen student services and integrated management information system.

### 3.8 Anti-Raging

#### Prevention and Prohibition of Ragging

In view of the directives of the Supreme Court in SLP No. 24295 of 2006 dated 16-05-2007 and in Civil Appeal number 887 of 2009, dated 08-05-2009 to prohibit, prevent and eliminate the scourge of ragging including any conduct by any student or students whether by words spoken or written or by an act which has the effect of teasing, treating or handling with rudeness a fresher or any other student, or indulging in rowdy or indiscipline activities by any student or students which causes or is likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in any fresher or any other student or asking any student to do any act which such student will not in the ordinary course do and which has the effect of causing or generating a sense of shame, or torment or embarrassment so as to adversely affect the physique or psyche of such fresher or any other student, with or without an intent to derive a sadistic pleasure or showing of power, authority or superiority by a student over any fresher or any other student, in all colleges of university, and thereby, to provide for the healthy development, physically and psychologically, of all students.

A women complaint mechanism cell is established for protection against harassment to girl/woman students. No one found guilty during the year. During the reporting period, no incidence of ragging was observed in JAU.

### 3.9 JAU Examination Management System (JEMS)

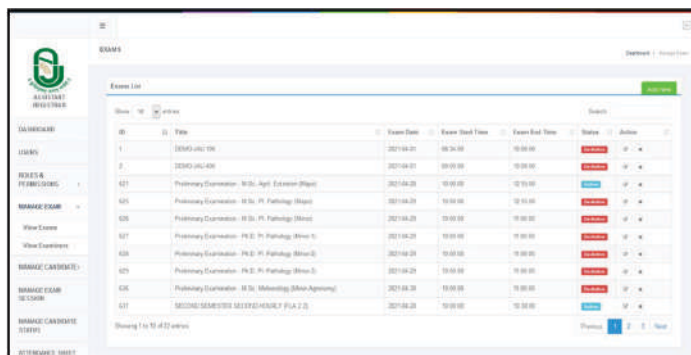

The University has implemented Online Exam Management System (JEMS) by which all the academic administration procedures *viz.*, from registration of students to degree printing during

convocation have been made through the JEMS only. In this system, the results of various examination conducted in polytechnic / under-graduate / post-graduate are prepared as well as declared promptly and precisely. The various mark sheets / transcripts / certificates (PPC/PDC/Migration certificate etc.) of students may also be generated through this system only.

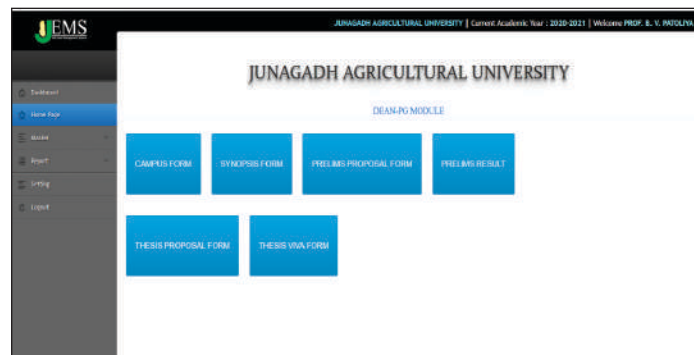

In post graduate studies, this system has replaced the cumbersome paper procedure to paperless system *i.e.* filling of campus form, filling of course card, online submission of synopsis for Dean PG's approval, proposal of qualifying examination including written and oral examination, proposal of external examiner for thesis evaluation as well as oral thesis viva-voce examination, submission of result of thesis evaluation as well as declaration of notification and transcripts etc.

This system has also implemented all academic procedures required during convocation *i.e.* application of candidate for convocation, In-house printing of degree of students of various faculties, preparing of list for gold medallist, preparation of list of degree recipients etc. This system has effectively implemented and used in the university and took a step forward to Digitalization and transparency in the administration (e-governance).

Online examinations system developed by University for various examinations conducted by colleges / university for PG admission as well as for recruitment. The results of these examinations were delayed due to offline mode examination. Online Examination System (OES) is very useful on many number of terminals in university Examination Hall. Also, the result of candidate is displayed immediately on his terminal screen as soon as he/she finishes the examination. Hence, the examination process became faster as well as transparent.
